Organising committee

Juha Lamberg	Clerk of the course	+358 (0) 400 541 777
Jarkko Ylitolonen	2 Clerk of the course	+358 (0) 40 740 4674
Juha Kokko	Route manager	+358 (0) 40 560 2715
Jarmo Zitting	Observer	

Description of the route

The total length of the route is Apr. **300 km (BEV 240 km)** and there is **one halt** included in the competition. The registration for the event, the start and finish are located at Scandic Laajavuori, Laajavuorentie 30, 40740 Jyväskylä. The route will be indicated on a route map as well as in the road book.

The competitor must follow the route according to the itinerary and other requirements imposed by the organisers. The competitor's performance and the way of driving will be observed at public and secret controls along the route.

Competition material

1. Road book of Halda check. Has been published on web site.
2. Route map giving the competition route as well as the public controls.
3. Road book giving the distances between controls, route markings needed for orientation and the speed limits valid at the time of making the road books.
4. Time cards. A representative of the organisers will enter the markings concerning times of passing a control. Competitor himself is not allowed to make any markings, corrections, or alterations on the card. The time card must remain on board the vehicle for the duration of the competition unless the organiser orders it otherwise. Losing the card or altering the markings on it will result in disqualification.
5. Scrutineering form.

The competitors will receive competition numbers, advertisements, the route book, time card, memo card, route map and scrutineering form on **Sunday 11.8.2019 at 8:00** onwards from the rally office.

When registering at the rally office the driving licences, competition licences and registration card of the vehicle will be checked. Competitors start interval is 2 (two) minutes. As in start list, has been published on web site.

Refilling

- PHEV cars are not charged after fuel filling. The electric energy is calculated according to the nominal capacity of the batteries as it is empty at the end.
- In BEV classes the Vehicle's own instrument panel indicates the energy used on the route for

the result calculation. The competitors will recharge the cars on their own before the competition. The batteries are recharged after the start for 30 minutes.

- Other classes B, D and HEV normal refilling.

Results

The results will be published on the official notice board on **Sunday 11.8.2019 Apr. at 17:30.**
AL Cup points by AL Cup regulations.
